Parents and Students,

Seniors and graduating juniors will be required to complete senior projects to satisfy the graduation requirement of earning Carnegie units for courses enrolled during the second half of the Spring semester. The projects will be categorized by content area and transcript group: ELA, Math, Social Studies, Science, and Electives. Students will only be required to complete one project per content area regardless of the number of courses currently enrolled in that content area (see examples below). Due date for projects is May 1st with deadline to complete oral presentation by May 8th.

All students were asked to complete a survey regarding technology and internet access. If the student has not completed the survey, please do so no later than 6:00 p.m. Friday, April 3, 2020. We want to ensure everyone receives the projects and rubrics. The link to the survey is:
